

Have You Changed Jobs or Been Unemployed in the Past Six Years?

We want to hear from you!

We are conducting a study on employment transitions experienced by workers in Guelph and Wellington.

One face-to-face interview lasting approximately 1 hour will be held at a time and location convenient to you. All interviews are confidential.

You will have the opportunity to be involved in research that can benefit workers in your community.

Participants will be thanked with a \$10 gift card.

For more information, please contact:
